

Ecorobotix-ARA Precision Sprayer Demonstration

Presented by

UNIVERCO

UNIVERSITY
of GUELPH

We are delighted to invite you to an exclusive demonstration of Ecorobotix's ARA precision sprayer, which will take place in an **onion test plot**. This smart sprayer significantly reduces the volume of pesticides applied in agriculture. Multiple Canadian owners of the ARA have reported savings up to 90% in herbicides as well as stronger and healthier plants that lead to higher yields.
